This is to certify that we have installed a Sewage Treatment System from **Bio-Microbics Inc (USA)**. It has been functioning very efficiently and satisfactorily since 2015 with minimal maintenance.

We are satisfied with the service provided by **M/s BioWater Treatment Systems LLP** and testify to their technical competence.

We would state that their performance has been perfectly acceptable and the quality of the work carried out up to the required standards.

We would have no hesitation in using their services again for any other project and we highly recommend them.
